

## ChemLogic Ozone II Detection Cassette

The ChemLogic Ozone (O<sub>3</sub>) Detection Cassette is designed to be sensitive and specific to Ozone and strong oxidizing agents.

**These includes (Green-Blue Stain); concentration dependent:**

Ozone (O <sub>3</sub> )
-------------------------

**Also includes some other oxidizing agents (Yellow-Green Stain); concentration dependent:**

Chlorine (Cl <sub>2</sub> )	Chlorine Dioxide (ClO <sub>2</sub> )	Fluorine (F <sub>2</sub> )
Nitrogen Peroxide (N <sub>2</sub> H <sub>2</sub> O <sub>4</sub> )		

**The ChemLogic Ozone Cassette will NOT respond to:**

Acids	Alcohols	Amines
Ammonia	Carbon Dioxide	Carbon Monoxide
Hydrogen	Hydrogen Peroxide	Hydrides
Hydrogen Bromide	Hydrogen Chloride	Hydrogen Fluoride
Nitrogen	Phosgene	Solvents

Part Number: 1-535-070, CLPx Ozone II ChemLogic Cassette
